Come enjoy our beautiful, wooded acreage!

Enjoy the great outdoors, hunt some beautiful wildlife, and help youth in need!

We have a lot of healthy deer that pass through these properties! (Carefully and regularly monitored on our trail cams.)

We will give you aerial photos of the properties in advance, with the deer stands indicated on the photos. We will take you around the properties and help you familiarize yourself with the area. Plus, we will help you track your deer and help you get your deer out of the woods.

You will have access to either a JD Gator or Polaris Ranger.

We provide comfortable lodging in Roseville, with only a 5-minute or 15-minute drive to the respective properties.
